---

**ALPHA INDUSTRIAL POWER, INC.** - Stationary batteries, Lead Acid (flooded or valve regulated) Nickel Cadmium (pocket plate design) battery chargers, DC to DC Converters, Rectifiers, DC Power Systems.

**GE ACT COMMUNICATIONS** – Transient voltage surge suppressors, category C3, fault current ratings up to 400kA per phase.

**GE DIGITAL ENERGY** – Uninterruptible Power Supplies (UPS) ranging from 300VA to 750 kVA, with a unique Redundant Parallel Architecture (RPA) for mission-critical premium power needs. Global services network that includes UPS preventive and corrective maintenance, test and support.

**GE ZENITH CONTROLS** - Automatic transfer, bypass isolation, delayed and closed transition switches, 40 amp to 4000 amp. Paralleling switchgear and medium voltage transfer switches

**GENERAL SWITCHGEAR** – Dead Front Switchboards, Metal-Enclosed Low Voltage Power Circuit Breaker Switchgear, Metal-Clad Switchgear, Metal-Enclosed Interrupter Switchgear, Unit Substations, Retrofit Circuit Breakers, Enclosed circuit breakers. Nema-1, 3R and 12.

**GENTEC** – Low voltage, dry type power factor correction capacitors. Medium voltage, 3 phase power factor correction capacitors. Automatic banks, harmonic filters, anti-resonance banks, soft switching and dynamic response capacitors banks.

**HEAT TRACE PRODUCTS** (Dekoron Heating Cables). Manufacture of electric heat tracing self-regulating, field fabricated cables. Wattage output from 3 to 30 watts per foot. Temperature range to 385 degrees.

**IBOCO CORP.** - Modular wiring duct systems, din rail and related accessories.

**KORFUND DYNAMICS** - Manufacturer of shock, vibration and structure borne noise isolation products for transformers, stationary, mobile and marine equipment.

**PACIFIC CREST** – Liquid filled pad-mount and sub-station type transformers. Ratings starting at 100KVA to 10 MVA, 3 phase, primary voltage to 46KV

**REX MFG.** - Dry type transformers, control, machine tool, line reactors, distribution, K-factor, auto, encapsulated, shielded and power transformers. Ratings starting at 25VA to 7000KVA. Primary voltage to 35KV.

**SPRECHER & SCHUH** – IEC & DP contactors, motor starters, reduced voltage starters, circuit breakers, cam switches, disconnect switches, pilot devices, terminal blocks, warning lights & various relays.

**TECHNICAL POWER SERVICES** – Circuit Breaker Testing, Ground systems testing & analysis, Critical power designs for sensitive loads, Energy conservation studies, Harmonic analysis, Power factor analysis, System short circuit studies, Protection coordination studies, Code compliance studies, Technical training.

**ALPHA INDUSTRIAL POWER, INC.** - Stationary batteries, Lead Acid (flooded or valve regulated) Nickel Cadmium (pocket plate design) battery chargers, DC to DC Converters, Rectifiers, DC Power Systems.

**CHARLES IND.** - Electric and ferroresonant battery chargers in 12/24V, 3 - 30 amp ratings for gensets and general industry.

**E & CA, INC.** - Day tanks, Generator Base Tanks, and Meter Panels.

**EM PRODUCTS** - Silencers and accessories for stationary power units. Accessories include elbows, flex connectors, mounting bands, raincaps, wall thimbles and acoustic shell lagging.

**GE DIGITAL ENERGY** - Uninterruptible Power Supplies (UPS) ranging from 300VA to 500 kVA, with a unique Redundant Parallel Architecture (RPA) for mission-critical premium power needs. Global services network that includes UPS preventive and corrective maintenance, test and support.
